>> 2019 NARI Milwaukee Remodeler of the Year Awards

Each January, the Milwaukee chapter of the National Association of the Remodeling Industry (NARI) hosts the Remodeler of the Year awards program. This program recognizes individual companies that have demonstrated excellence in remodeling and home improvement in the past year.

In 2019, NARI Milwaukee members submitted over 90 projects in 25 remodeling categories including kitchen, bath, basement renovations, home additions, exteriors, landscape design/outdoor living renovations, and more.

A panel of industry experts from the NARI Metro DC chapter judged the projects and selected gold, silver, and bronze winners. Each project was evaluated on a number of criteria: how well the contractor met the client's needs; the functionality of the space; aesthetics; craftsmanship; construction methods; use of materials; and if the contractor overcame obstacles in a creative way.

"The awards program is significant for our chapter as it is a great way to honor remodeling professionals who are setting the standard and leading the way," says Diane Welhouse, CKBR, Executive Director of NARI Milwaukee. "It's always exciting to see the innovative, quality work our members are doing."

In addition, NARI Milwaukee partnered with MKE Lifestyle Magazine to conduct the Readers' Choice Awards contest. Consumers throughout the Milwaukee area voted for their favorite renovation in the Residential Interior \$250,001-\$500,000 category.

NARI Milwaukee is a nonprofit trade association that represents nearly 700 of the best remodeling and home improvement professionals in the area. Since 1961, NARI has been a resource for Milwaukee homeowners looking for local, trusted, and proven contractors. The organization promotes professionalism, ethical conduct, and sound business practices in the remodeling industry. Visit NARIMilwaukee.org for more information.
